THE IRON LINE FOR NEW YORK .- The popular steamship Georgia, Captain Crowell, left her pier at Union wharves yesterday forenoon fer New Yors, having an excellent passenger and freight list for the season. She carries the first bale of new cotton from this port this season, shipped by R. Mure & Co.

THE ADGER LINE .- The excellent steamship James adger, Captain T. J. Lockwood, arrived at her wharf in this city on Tuesday from New York. We were pleased to notice that the ship was crowded with cargo for all parts of the South, and a good proportion for our own dealers. The Adger also had a full passenger list, among whom were a number of our own citizens returning.

More Mystification.—The Columbia Union

More Mystrication.—The Columbia Union says, with an air of great mystery:

By a letter from Spartanburg, dated the 14th instant, we learn that the Deputy United States marshal at that place has captured quite a number of Ku-Kinx masks—some with horns upon them, at—at a place the locality of which is, for prudential reasons, not made public just at this time in the proceedings.

ANOTHER BAID ON THE PRIZE CANDY STORE. Robert Scott, an Ingenious youth of color, was arrested yesterday afternoon by the detectives charged with stealing a value from Mr. L. R. Welker, No. 418 King street. The recent robbery , by five colored boys at this establishment had just been committed, and the excitement had scarcely subsided when the value was missed. Robert is held for examination.

THE OLD POSTOFFICE.—The work of fitting up the interior of this edifice has been steadily progressing, and the plastering and partitions on the first floor are now nearly completed. The boxes, glass and lock, and the pigeon holes for the gene ral delivery are to be made to order, and will be forwarded here complete. The workmen here are now ready for them. The old Postoffice will be the new Postoffice in about four weeks, ready for the accommodation of the government.

CIGARS RECOVERED. Yesterday morning nine boxes of cigars were recovered by the detectives from the keeper of a boarding house in State street. The cigars had been left at the house by a boarder, who, upon his being taken suddenly ill, was transferred to the City Hospital. He charges that he left twenty boxes, but the keeper of the house says be left but nine, and these were immediately delivered up. The case will be examined before Trial Justice Levy this

MUTINY AND HYDROPHOBIA. - The monotony of scafaring life was relieved yesterday morning on board the British bark Bisck Prince, which arrived at this port on Tuesday evening from Newport, England, by an inciplent mutiny and a mad doz. The first was promptly quelled by one mate, who gave the refractory sallor his choice between obedience and double irons, and the second disturbence was ended by another mate dispatching the rabid animal with the but of an oar.

PHOSPHATE BAGS' FOR SALE .- Yesterday morning, about 10 o'clock, two colored boys entered a store in Market street, near Anson, and offered a lot of new crocus bags for sale at the low figure of ten cents for the lot. While chaffering with a woman as to the price, they saw Sergeant Michel, of the police force, coming down the street, and, without more ado, the two dropped the bags and took to their heels. They succeeded in effecting their escape, but the bags were captured and are now at the Guardhouse. There are ten of them, quite new, and branded Sulphuric Acid Works, Etiwan Company, W. C. Bee & Co., Agents.

ROBBERY. Between 2 and 3 o'clock yesterday afternoon a chief entered the apartment of Mr. Wigg on the third story of the building at the corner of Exchange street and South Atlantic wharf, and stole therefrom a fine suit of black clothes and a pair of boots. The robber effected his entrance by forcing the door of the room, and judging from the articles stolen, seemed bent on getting himself fitted up for a wedding or a ball. Numbers of valuable articles were lying about the room, and Mr. Wigg's trunk was open, but nothing else has been missed. Ben. Hayns, a dolored man, has been arrested on suspicion, by the detectives, and is held for examination, which takes place this morning before Trial Justice

INCREASED RAILBOAD FACILITIES. -The most lively satisfaction is expressed by the people of Savannah at the ecent change in the schedule of the Savannah and Charleston Railroad, which enables a connection to be made here on the arrival of the Northeastern Railroad train at 2.30 P. M., so as to reach Savannah the same evening. The former alternative was to remain over night in this city, or take a directions and most complicated route to Savannah, via Kingville, Branchville and Augusta. Now the mails leaving New York on the morning of Monday, for instance, arrive in Savavnah on Tuesday, instead of Wednesday afternoon as before, and a similar saving of time is enjoyed by the passengers.

"SOLVENTUR TABCLAO RISU."-Frank Callahan was brought before Tria! Justice Magrath yesterday afternoon, and tried for an assault with a deadly weapon upon James Irvin. A misunderstanding had arisen between the two con cerning a dog belonging to the defendant, which the latter thought to be in the possession of the prosecutor. Going to the house of Irvin to demand his property, he was assailed with the watery contents of a shaving cap, and drawing something to defend himself he threatened to blow off Irvin's skull. - This led to the prosecution, Irvin alleging that the defendant had drawn a pistol upon him in his house. The evidence for the defence, however, showed that the defendant was something of a wag, and the threatening sixshooter was proved to have been a harmless piece of a barrel-hoop. In the darknesse it had all of the moral effect of a navy, but in a legal aspect it failed to sustain the charge of an assau' with a deadly weapon. The court dismissed the case, and the matter was set led to the satisfaction of all concerned.

NATIONAL SUNDAY SCHOOL CONVENTION .-The next session of this body will be held at Indianapolis, Indiana, April 17, 18 and 19, 1872. In order to give it a truly national character, a committee on delegations has been appointed, whose special duty it is to secure the attendance of delegates from every State and Territory in the land, and this committee requests from representative Sunday school men in all parts of the country replies to the following questions, which may be sent to the chairman, Mr. J. Bennet, No. 7 Bible House, New York, or to Mr. Samuel A. Nelson of this city:

this city:

1. Is your State organized for Sunday school work? If so, please send us the names, with the address in full, of the officers of your organization. We shall be giad to hear from every official member of the organization, that we may secure as full information as possible.

2. If your State is not organized for Sunday school work, who in it would most likely meet the demand in selecting and securing representasonool wors, who in it would most likely meet the demand in selecting and securing representa-tive men as delegates? In this case, let all who have an opinion write it, nominating men for the State committee or for delegates. Please give name, postonics address, and denominational

THAT FIRST BALE .- The receipt from Dr. Elijah H. Dowling, of Barnwell County, of the first bale of South Carolina cotton and its sale at 25 cents per pound, have already been reported. Now the curious fact is noticed that this is the third consecutive year that Charleston has received her 'first bale" from Dr. Dowling, one of the most successful, practical and extensive planters of Barnwell County. Year before last Dr. Dowling obtained the handsome price of 39 cents per pound for his first bale. Colonel Decania Dowlus, me father of the doctor, was one of the most thoroughly practical, go-ahead men in Barnwell, who, dying in 1858, left his family in possession of a handsome property, which, however, was swept away during the war. Without ambition for any public office whatever, his every effort was center ed in the endeaver to give his sons a good education and a thorough knowledge of farming, to se before them a good example. Some of the best farmers in his neighborhood were raised as or phans by Colonel Dowling; and the poor ever ound him a sincere and sympathizing friend. His son, the "first bale" man, has redeemed for his family the losses sustained by the war by sheer

hard work and severe application.

A'NEW BRANCH OF THE WESTERN UNION .-The Western Union Telegraph Company, not to be outdone by its young and vigorous rival, the. Southern and Atlantic Company, is now about to open a new branch office in this city, at No. 197 East Bay, for the especial convenience of the cotton and shipping merchants along the water front. The present office on Broad street will also be maintained, and will be used as the chief office of the company, but all the wires now cen-treing at that point, which include wires to Savannah, Augusta and Columbia, and two to. wire to the North is now being put up, and is expected to be completed within two months.
This will be used almost exclusively for the
weather report dispatches, leaving the other wires free for ordinary business. There will be two operators stationed at the new office, which will be under the general management of Mr. J. D. Easterlin, the agent of the Western Union Company for this city, and the old-office will be left in charge of Mr. D. M. Driscoll. The office hours at both stations will be from 7 A. M. to 10 P. M. in summer, and from 8 A. M. to 10 P. M. in vinter. The company also maintains a branch office in the Charleston Hotel, in charge of Mr. C. 7. Lamb, the office hours being from 8 A. M. to 7 P. M. during the whole year. It is also in conplation to establish a branch office at each of the three railroad depots in town for the convenience of people residing or doing business near those points, so that altogether it will be seen that the Western Union Company, which, from its long establishment, great wealth and unbounded resources, possesses remarkable facili-ties for the transaction of business, is determined to make every preparation for the ample accom nodation of our merchants during the approach-

ing busy season. Hotel Arrivals-August 16.

STANDARD TEXT BOOKS.

By Professor ASA GRAY,
Of Harvard University,
Author of "How Plants Grow," "School and Field
Book of Botany," "Manual of Botany," "Structural and Systematic Botany," &c., &c. "Botany should be taught in every school, and these Volumes should be the Text-Books,"—Prof. J. S. Davis, University of Virginia.

The publishers beg to call the attention of those about forming classes in Botany to the well-known works by Professor Gray. Having been carefully revised, they present the latest and most accurate principles and developments of the science, and it is sufficient indorsement of them to state that they are used in almost every noted College, High School and Seminary in the country, and are recommended over other series by nine-tenths of the leading Professors and Botanical Teachers in the United States.

No author has yet approached Professor Gray in the rare art of making purely scientific theories and dry details popular and interesting. From his charming elementary work "How Plants Grow," to his more elaborate "Manual," there is one simple, concise and yet exhaustive method of teaching the various grades of the study.

Descriptive Circulars, giving full titles and prices, will be forwarded by mail, to any address, on application.
